Summertime is over and Summer Camp has ended. Teachers and students are settling in on a new year of exploring, learning, and questioning. Reading continues to be a top priority, but foreign language, math, and science are also among the list of subjects for preschoolers to investigate. Indeed, it is the expectation and dream of all the staff from all the Premier schools to produce future scholars who will conquer climate control issues, cure cancer and other life threatening diseases in their lifetime. Of course, Premier Childcare will produce many future Presidents of the United States.

The month of October offers a unique opportunity for our students to explore the current environment, as well as, discover the meaning of goblins, monsters, ghosts, scary Jack O Lanterns, and other thrillers of Halloween. Premier scholars are well aware that Halloween was once called, "All Hallows Eve."

Poem of the Month

Theme in Yellow
BY CARL SANDBURG

I SPOT the hills
With yellow balls in autumn.
I light the prairie cornfields
Orange and tawny gold
clusters
And I am called pumpkins.
On the last of October
When dusk is fallen
Children join hands
And circle round me
Singing ghost songs
And love to the harvest moon;
I am a jack-o'-lantern
With terrible teeth
And the children know
I am fooling.
