"Don't Wait To Be Great" - guest speaker Jakkil Jackson

Not often enough does the media pay homage to young people that are doing great things. We see the negative reports, but we want to shine light on the positive. Our speaker, 15 year old entrepreneur and author of two best selling books, Mr. Jakkil Jackson, was amazing! He started his own not for profit organization at the age of eight! It's called "Project I Am" and he creates "blessing bags" and distributes them to homeless shelters around The US. His list of accomplishments is almost surreal. To have accomplished so much and be so young was very inspirational for our young audience members. Giving back and sharing with the community is his main focus. If you would like to enjoy the full presentation, visit www.westaustin3.com. To show our appreciation P3 continued with our cash giveaway. One lucky audience member won \$150 and were encouraged to use the funds to support their mental health.

Going into the month of June - we would be doing a complete dis-service not to recognize Juneteenth and what it means for the accomplishments made in the African-American community. It is a holiday celebrated on June 19 to commemorate the emancipation of enslaved people in the US. The holiday was first celebrated in Texas, where on that date in 1865, in the aftermath of the Civil War, enslaved people were declared free under the terms of the 1862 Emancipation Proclamation. H83822 co-sponsored by State Rep. La Shawn K. Ford and others made June 19th an official paid holiday in the state of Illinois. We are so proud of the progress that is being made.
